

The Swiss-based family owned company Bühler is a global, industrial solutions provider for processing foods and manufacturing advanced materials, contributing to food security and high energy efficiency.

Around 65% of the worldwide harvested grain is processed on Bühler mills, around 50% of all car taillamps or headlamps are getting metallized on Bühler machines. Every day, billions of people come into contact with Bühler technologies to cover their basic needs for foods, mobility, or communication.

Our Bakery Innovation Center (BIC) is part of the business area Consumer Foods and combines all the Bühler knowledge acquired from decades of experience in the fields of grain handling and grinding technology. To strengthen our team, we are looking for a committed and motivated personality.

Internship Bakery Innovation Center (m/f) 100% for 12 months

Uzwil
